

TEN80 STUDENT RACING CHALLENGE SPRING 2015 INVITATIONAL

Homestead-Miami, FL * Fri., March 13, 2015

You are invited to compete or to cheer on America's future professionals at the Miami-Homestead Spring 2015 Invitational. Since September 2014, student teams in grades 6 - 12 have been accumulating points through a variety of activities including head-to-head races using a 1:10 scale electric car and science, math, engineering and math (STEM) projects that parallel the arduous preparation of motorsports professionals and emerging technology companies. On Friday, March 13th, 2015 student teams from around the region are coming together to compete at Homestead-Miami Speedway.

Competition Categories

- Road Course Races: 5 minute fastest lap & 10 minute most laps
- Oval Superspeedway Race: 30 - 50 minutes schedule dependent
- MODS! Drag Racing and Robo RaCeCar testing
- Data-Driven Design Project
- Team Presentation (8 minute format with AV support)
- Graphic Design: Team identity and Car Body Decal
- BONUS - 30 second elevator pitch (video upload prior to event)

Event Info

- Time: 9 AM - 1 PM
- Lunch: Provided to competitors and coaches
- Host: Homestead-Miami Speedway (we hope!) Please do not call the speedway directly. All questions regarding the Ten80 Student Racing Challenge should be directed to Ten80 at support@ten80education or 1-855-Ten80ED (836-8033).
