

Ten80 Summer Professional Development Institute

Columbia, SC
September 7th & 8th, 2017

Gather in Support of Students

Success in STEM education comes down to good programs and great partnerships. Change the Equation has named Ten80's programs both exemplary and scalable. Your partnership at the classroom, club and regional level is key to scaling the exemplary outcomes in student achievement that are possible through Ten80's Student STEM Challenges curriculum, National STEM League and Ten80's elementary programs.

At this Summer 2017 session, Ten80's team will facilitate interaction between educators starting new programs, those experienced in running Ten80 programs and new regional partners at the Associate and Hub Organizer levels.

The day will begin with a general session, then depending on who is in attendance, breakout sessions will focus on implementing various aspects of the Student Racing Challenge, Comp-Sci and Rover curriculum, including the integration of Enterprise and Innovation activities.

Registration:

<https://www.ten80education.com/pd-registration>

Training Location:

**Heyward Career and Technology Center
(Conference Center)
3560 Lynhaven Drive
Columbia, SC 29204**
