(Stay for an afternoon discussion, attend the races or depart.)

RSVP Deadline and Registration Fee

June 20, 2016, \$100.00*

Where

Saratoga Springs, NY (address to be provided)

Success in STEM education comes down to good programs and great partnerships. Change the Equation has named Ten80's programs both exemplary and scalable. Your partnership at the classroom, club and regional level is key to scaling the exemplary outcomes in student achievement that are possible through the Student Racing Challenge and other Student STEM Challenges.

You are invited to take part in a face-to-face professional development meeting in Portland, OR. It is designed to facilitate interaction between educators starting new programs, those experienced in running Ten80 programs and new regional partners at the Associate and Hub Organizer levels. General sessions will start each half-day, then breakout sessions will focus on hub activities or key strategies for implementing the Student Racing, Computer Science, and Rover Challenges, including the integration of Enterprise and Innovation.

A continental breakfast and working lunch will be provided. Please RSVP to confirm your place at this session. You'll receive a confirmation email that the minimum registration has been met by June 23rd.

We look forward to seeing you in Portland, OR very soon!
